Excellence is intentional ...

Bal-Perazim Christian Academy promotes academic excellence along with sound biblical teaching and foundation. Students that attend Bal-Perazim Academy are prepared for life with rigorous academic training and well-balanced Christian Principles.

Many children excel in an environment where they do not have to deal with the typical "peer pressure" that their friends face. Without the pressure to conform to lower standards, or a particular non-healthy social image students can achieve phenomenal results.

At Bal-Perazim Academy we both challenge and nurture our students into being well rounded young people with high expectations of excellence.
